Concertgebouw Circuit

An original experience trail takes you on an expedition through the modern Concert Hall. Learn how the concert hall works, be impressed by its famous acoustics, marvel at its contemporary art collection or perhaps even get started with a little sound art yourself! The children can collect stamps by completing tasks during a playful kid's trail. The icing on the cake is the rooftop terrace on the seventh floor with a breathtaking panoramic view over the city. During a guided visit, you will also learn more about the musical and artistic qualities of the Concert Hall.
