Historium Bruges

Your first stop should be the wonderful attraction Historium Story, in which you follow the love story of Jan van Eyck's pupil Jacob. Then at Historium Exhibition you can learn more about mediaeval Brugge. Historium Virtual Reality takes you back to 1435. You take a virtual voyage round the harbour and see the now vanished Water Hall and St Donatian's cathedral. The newest additions are the Laborium and the Historium Tower. The Historium Tower is a tower linked to the historic building in which Historium is based. The tower has 145 steps which take you up to a viewpoint 26 meters up. Visitors get a 360° panorama of the Markt and surroundings. The Laborium is set up in the halls on the courtyard of the Historium. In the Laborium, a virtual reality gaming and innovation lab, you can discover the unlimited world of virtual reality through five VR games. You can finish off your visit in the Duvelorium Grand Beer Café on the first floor.
