Sint-Janshospitaal

Saint John's Hospital is one of the oldest hospitals in Europe, dating back to the mid 12th century. Visit the medieval wards, as well as the church and the chapel, and marvel at the impressive collection of archives, art works, medical instruments and seven works of art by Hans Memling, including the famous Ursula Shrine. Also visit the hospital pharmacy and the Diksmuide attic, boasting one of Europe's oldest and most monumental roof support structures.
